

# Tambrey Primary School

## Sunsmart Policy

Implementation Date: November 2013

Review Date: November 2014

# **Tambrey Primary School**

## **SunSmart Policy**

Our SunSmart policy has been adopted to ensure that all staff and children attending Tambrey Primary School are protected from skin damage caused by the harmful UV rays of the sun. It is to be implemented throughout the year, but with particular emphasis during the months September through to May. The sun protection practices outlined in this policy will be applied to all school activities, including sports carnivals, excursions and camps. The policy has been developed in consultation with the whole school community.

### **Behaviour**

- The school will require students to wear broad-brimmed or legionnaire style hats whenever they are outside.
- Staff are requested and encouraged to wear broad-brimmed or legionnaire hats when outside.
- Ensure that children without a broad-brimmed or legionnaire hat are directed to play in an area that is protected from the sun.
- Encourage positive role modelling of sun protective behaviour by all school staff, parents and guests visiting the school.
- Encourage the daily application of sunscreen before school, and prior to the lunch break or any outdoor activity.
- Encourage children to use available shade for outdoor activities and play.
- Students will be encouraged to wear clothing that is sun protective, eg. shirts with collars and longer sleeves, rash vests for swimming etc.

### **Curriculum**

- Incorporate sun protection and skin cancer prevention programs into the school curriculum at all grade levels.
- Promote sun protection throughout the year via the school newsletter, assemblies, daily messages, parent and staff meetings and whole school activities.
- Staff and parents will be provided with educational material on sun protection.

### **Environment**

- Ensure there is adequate provision of shade within the school grounds for students and staff, by planting trees and building shade structures.

- Timetable as many outdoor activities as possible, including assemblies, sport and physical education before 10 am and 3 pm. When this is not possible activities should be scheduled as far away from 12 noon as is possible.
- The lunchtime period will be shortened wherever possible, especially if shade levels are inadequate over frequently used parts of the school yard.
- Ensure that adequate shade for all children and staff is provided at sporting carnivals and outdoor events.

## **Evaluation**

Tambrey Primary School Council will review the effectiveness of this policy each year.

The School Council will:

1. Review the SunSmart behaviour of students, staff, parents, and visitors and make recommendations for improvement.
2. Assess shade provision and usage and make recommendations for increases in shade provision.
3. Update and promote curriculum material relevant to SunSmart activities.
